PASCO Wireless Sensors Promotion: Buy 10 or More: Get 20% Off

PS-3201
Wireless Temperature Sensor

Durable, wireless, high-resolution sensor
covers many temperature experiments

PS-3202
Wireless Force Sensor

Capable of measuring force, acceleration, and
Rotation individually or simultaneously.

PS-3203
Wireless Pressure Sensor

Wireless pressure sensor takes accurate and
Consistent measurements of gas pressure.

PS-3204
Wireless pH Sensor

This sensor measures the pH of a solution as
discrete measurements or as a continuous reading

PS-3210
Wireless Conductivity Sensor

Wirelessly measure both conductivity and dissolved solids with this
all-new design. Highly accurate with a fast response time and
featuring built-in temperature compensation.

PS-3211
Wireless Voltage Sensor

Measure voltages of up to 15 V with
built-in protection for the sensor against overload. Up to 1000
samples/second via Bluetooth. Up to 100,000 samples/second via
USB in "burst mode"

PS-3212
Wireless Current Sensor

Measure currents of up to 1 A with built-in protection for the sensor
against overload. Up to 1000 samples/second via Bluetooth. Up to
100,000 samples/second via USB in "burst mode"

PS-3213
Wireless Light Sensor

The most versatile light sensor we've ever made, it is like having five
sensors in one! Measures illuminance, irradiance, UVA, UVB and UV
Index and features RGB colour detection.

PASCO Trade-In Your Old Interface for Special Discount

PS-3200
Wireless AirLink

Our Most Economical Interface.
Connect a single PASPORT sensor to your
SPARK Element, Computer, Chromebook, Tablet or Smartphone via
Bluetooth or through a USB connection.

Trade-In Your Old Interface :   GLX & Spark SLS

a) Buy 2 Get 3rd Free
b) Get 50% off Sparkvue Site License Software

UI-5001
550 Universal Interface

Powerful wireless sensor interface equips labs with
high-speed data collection, signal generation and power supply,
use with PASCO software for oscilloscope and FFT displays,
timers, and more.

Trade-In Your Old Interface :   GLX or 500

a) Get $400.00 off
b) Get 50% off Sparkvue Site License Software
c) Get 50% off Capstone Site Licence Software

UI-5000
850 Universal Interface

The 850 is the most powerful science education
lab interface in the world. It is ideal for advanced physics or engineering
applications or for anyone that requires its high sampling rates and
powerful functionality and future expandability.

Trade-In Your Old Interface :   700 & 750

a) Get $700.00 off
b) Get 50% off Capstone Site Licence Software

PASCO's Dynamics System Family

The dynamics systems family is being completely changed to simplify the choices for customers. This results in all new part numbers for our dynamics systems.

The new dynamics systems come in two types: Basic and Standard.

The customer has 3 choices
1.   Type of track (metal or plastic)
2.   Type of cart (Smart Cart, PAScar, or Classic metal carts)
3.   Add-on Accessory pack (add Super Pulley with Clamp, Spring Kit, Friction Block, and Angle Indicator)

The Basic Systems include a track, endstops, feet, clamp, masses, and carts.

Sample Basic System
ME-5702

Basic Systems	PAStrack	Metal 1.2 m	Metal 2.2 m
PAScars	ME-5701	ME-5702	ME-5703
Classic Carts	ME-5704	ME-5705	ME-5706
Smart Carts	ME-5707	ME-5708	ME-5709

Get 20% Discount For Your 1st Order

The Standard Systems add accessories to the basic systems. The added accessories are: Super Pulley with Clamp, Spring Kit, Friction Block, and Angle Indicator.

Sample Standard System
ME-5712

Standard Systems	PAStrack	Metal 1.2 m	Metal 2.2 m
PAScars	ME-5711	ME-5712	ME-5713
Classic Carts	ME-5714	ME-5715	ME-5716
Smart Carts	ME-5717	ME-5718	ME-5719

Get 20% Discount For Your 1st Order
